

## **Monttu auki event for dialogue: How are you doing, Lahti?**

Join the dialogue, come listen, be heard.

On Saturday 1 October starting at 12:30 p.m., a discussion event will be held in Lahti, where people living in Lahti can share their experiences and thoughts on well-being and safety in Timeout discussions.

Monttu auki is a common discussion forum for the people of Lahti. Participants will gather around the same table to discuss well-being and what it takes to maintain and improve it. The event is free of charge and open to everyone. The discussions will be carried out confidentially using the Timeout method.

One of the discussion groups will be in English and one in Ukrainian. Each discussion is guided by a competent Timeout method facilitator. Coffee will be served at the events.

In the Monttu auki discussions, we want to hear what the adults in Lahti think about well-being and safety. During the autumn, Skidialogi discussions will be carried out in Lahti basic education, where children and young people can tell what brings them well-being and safety in their free time. We will make anonymised notes of the discussions, and a joint summary of the discussions of both adults and children will be made and published at the end of the year.

The Monttu auki discussion event was organised for the first time in October 2021, as part of the events of the European Green Capital year. Some 100 Lahti residents participated in the first discussions online and at three different physical venues. Lahti Monttu auki 2022 is a satellite event of Yle's Well Said discussion festival in Hämeenlinna.
