# PARTICIPATORY BUDGETING VOTING FORM

Participatory budgeting vote, 22 May-11 June 2023

## Voting is open to Lahti residents of all ages

How would you spend EUR 200,000 developing the city? Citizens can decide which ideas the city will implement in 2024. The proposals are divided into regions: south/west, north, east and central, as well as ideas applying to the entire city.

#### **INSTRUCTIONS**

- You can only vote once, so please read through the ideas first at lahti.fi/en/city-and-decision-making/osbu or in the Service Marketplace and Library Folder. When you have done that, fill in the form according to the instructions.
- 2. You can spend **EUR 40,000 on each area**, which is a total of EUR 200,000. You can vote for several ideas in all areas, but you can allocate **no more than EUR 40,000 to each area**.
- Add together the costs of your selected ideas per region (the prices are shown after the names of the ideas).
   Check that you have not surpassed the regional budget before you submit the voting form.
